Lancaster Home Has Big Scandal, Boy Badly Beaten

(By United Press.)

Columbus, O., Dec. 5.—President Allen W. Thurman, of the State Board of Administration, today declared that a rigid probe would be made into the case of John Traskey, 13, Franklin county youth, at the Boys' Industrial school at Lancaster, who is hovering between life and death from pneumonia.

On the boy's back, it is claimed, are five great welts, the result of punishment administered by Officer Paul Wiebe in the presence of Superintendent Gerlach, who says the boy tried to run away.

The boy says he was compelled to exercise for 15 minutes in a hot room on the day after the punishment and then, he charges, the windows were thrown wide open. His mother, Mrs. Joseph Traskey, says he contracted pneumonia that way.

"The state will have to answer for the inhuman treatment of my boy. If the state doesn't discharge the officials who are responsible, I will seek redress in the courts," said the mother, who, with two nurses and two physicians, are attending the boy. Superintendent Gerlach at 11 o'clock today reported to the State Board of Administration that the boy was sinking rapidly and all the members of the board left for Lancaster at once.

Allen W. Thurman, a member of the board of administration, over long distance telephone, stated this afternoon that although he believed that Mr. and Mrs. Trosky had exaggerated reports of the treatment of their son, he had found evidence that the boy had been flogged but that he was unable to place the blame. Major Gerlach, who is at the head of the institution, was in no way responsible for the treatment of the boy, according to Thurman.

"We will make a fair investigation of the charges and will spare no one. Complaints have been too frequent of late and we will get at the bottom of the matter this time," stated Mr. Thurman.

SUMMER DAYS IN DECEMBER.

JEFFERSON CO. RIVALS ADAMS, VOTE PROBE ON

(By United Press.)

Steubenville, O., Dec. 5.—Secret indictments charging perjury, it was officially announced today, were returned against eight of the 35 witnesses who have testified before the grand jury which is investigating corruption in the last election in Jefferson county.

Ten other men, suspected of perjury, have been called before Assistant Attorney General McGhee and have pleaded for another chance to set themselves right by telling all they know. These men, with some of the other witnesses, have supplied the state with names on which 150 subpoenas have been issued in addition to the 150 already sent out. More subpoenas are being issued and probably 600 persons, whose names are now in the hands of the investigators, will be called. McGhee estimated that 2,000 or more witnesses might be called before the probe is finished.

On the order of Secretary of State Graves the certificates of election of Republican county candidates are being withheld. They are J. G. Belknap, probate judge; W. C. Brown, prosecuting attorney; Samuel Block, county treasurer; William Huscroft, sheriff; C. H. Smith, common pleas judge; James Priest, Chas. Nelson and F. F. Cunningham, county commissioners, and John F. Gibson, representative. Certificates have been issued to only candidates who had no opposition.

State's attorneys today said that until yesterday five of the 15 grand jurors were hostile to the investigation. One of the five, however, has been won over and the eleven necessary to sign an indictment have been secured. The expense accounts of two candidates have disappeared from the office of the election board since the probe started. One of these was that of J. G. Belknap. There is no trace of them.

Later, he claims, he was forced out of it, taken to a detention room and held for an hour and a half and then turned loose without being allowed to see the game.

POISON MYSTERY AT CATLETTSBURG, WOMAN IS DEAD

(By United Press.)

Catlettsburg, Ky., Dec. 5.—The body of a girl who registered as Miss Minnie Turner, was found in a room in a hotel here this morning when owners of the hotel forced the door of her room.

A man registered as James York, of Huntington, W. Va., was found dying, and a second woman, registered as Mrs. York, was unable to account for the death.

The party registered together Monday night and had not left their room since. Today when the room was opened Mrs. York did not appear to know that the other woman was dead.

Coroner Swope, of Ashland, who began an investgation immediately, believes that death was caused by poson.

The name of the woman who was registered as Mrs. York was later discovered to be Mrs. Edw. Gullet, of Huntington. She was recently divorced from her husband. She has been taken into custody by the officials to await the action of an investigation by the coroner.

The dead girl is also from Huntington. She was known in that city by the name of Bertha Kelley and is about 24 years of age.

One theory of the tragedy is that it was a triangular suicide pact. Another is that jealousy was at the bottom of the whole affair. York, who is in a dying condition, was formerly employed as a barber in Huntington.

LOS ANGELES MAN WAS SHOT DOWN BY WOMAN

(By United Press.)

San Francisco, Calif., Dec. 5—In spite of her early admission to the police that she had shot and seriously wounded Robert J. Widney, a wealthy Los Angeles man, Mrs. Frances Lyons, a divorcee, today denied that she had done so and denied she admitted the shooting. Widney is in a hospital with a bullet in his abdomen.

According to the police the woman told several persons that she shot the man because he called her Bess, which is the name of Widney's wife. The police alleged that when Widney was parting from the woman he inadvertently mentioned the wife's first name and the Lyon's woman, because of her jealousy, shot him. According to Mrs. Lyon's statement she married W. C. Lyons a year ago who later secured a divorce, naming Widney as co-respondent. Widney came to San Francisco to see Mrs. Lyons and it is intended giving her a

ATTORNEY GENERAL REPORTS TO CONGRESS

(By United Press.)

Washington, Dec. 5—White slave convictions, criminal and civil prosecutions under the Sherman law, frauds on the revenue violations of the national banking laws, the postal laws and miscellaneous crimes during the fiscal year ended June 30, 1912, have paid in penalties imposed more than enough to support the entire judiciary of the United States, according to the annual report of Attorney General Wickersham submitted to congress today.

Although the operations of the department of justice, the courts and the government's legal machinery in general cost $2,532,550.23, an increase of $232,680.23 over that of the year ended June 30, 1911, there was actually collected and paid into the treasury of the United States an aggregate sum of $2,749,070.15. This reveals the somewhat startling fact that despite the desperate efforts of the government crime, vice and illegal business have thrived.

The attorney general in submitting the report made a fervent appeal for increased appropriations more drastic laws and increased authority in the administration of judiciary. He reviewed the work of the department at great length and in a most comprehensive manner revealed the exact status of the nation's crime quashing machinery. Among the most important of the recommendations submitted in the report today is placing federal attorneys, assistant attorneys and other officers under the civil service rules. If congress will authorize this Wickersham said it will develop the highest efficiency in the ranks of the employees.

"The expense of the year," said Wickersham, "in endeavoring to enforce criminal liability under the Sherman law has not been encouraging."

The attorney general presents a long tabulated list of prosecutions to bear out this assertion.

Considerable attention is given in the report to the government's efforts to safeguard water rights in the promotion of reclamation work. He urged special congressional measures for the protection of these pioneers from possible water famines and the encroachment of land grabbing companies.

WHEN A MAN'S MARRIED

REV. THEODORE IRVING REESE CHOSEN BISHOP COADJUTOR

Cincinnati, Dec. 5.—For the first time in its history the Episcopal Diocese of Southern Ohio is to have a Bishop elected from its own body, for at the special convention held yesterday at St. Paul's Cathedral, Rev. Theodore Irving Reese was chosen Bishop Coadjutor.

Five candidates were nominated for the honor, Mr. Reese being named by Archdeacon Dodson; Rev. Stuart Purves nominating Dean Paul Matthews, of St. Paul's Cathedral, and the other nominees being Archdeacon C. E. Mackenzie, of Gallipolis; Dean Frank Dumolin, of Trinity church, Cleveland, and Rev. C. E. Byrer, of Springfield.

A hush fell upon the assembly, which filled the Cathedral, when Bishop Vincent called upon Canon C. G. Reade to announce the clerical vote. The number cast was 54; necessary to elect, 28. Mr. Reese received 30, Dean Matthews 14, Dean Dumolin 4, Dr. Mackenzie 2 and Mr. Bryer 3. Mr. Reese received 23 votes of the 43 parishes, the number necessary to elect being 22, while 11 voted for Dean Matthews, 2 for Dean Dumolin, 3 for Dr. Mackenzie and 4 for Mr. Bryer. The chair then declared Mr. Reese elected, and upon motion of Dr. Dudley W. Rhodes, which was seconded by all of the other candidates, the election was made unanimous by a rising vote of the convention.

Bishop Vincent then appointed Dean Matthews and Dr. Mackenzie a notification committee to escort the newly elected Bishop to the right hand of the chair, and there in a few feeling words Bishop Vincent welcomed him to the Episcopate. The convention remained standing while Bishop Reese made his acknowledgements, and in a recess which followed he was surrounded by delegates offering their congratulations.

The morning session was devoted to the formalities of accepting the resignation of Bishop Trimble Rowe, of Alaska, who was elected to the Bishop Coadjutorship at the regular diocesean convention in May, but declined the honor, preferring to remain in Alaska.

The Finance committee, of which W. Cooper Procter was chairman, decided that the new Bishop's salary would be the same as that decided upon last May, $4,000. The standing committee of the diocese was authorized to use not more than $50 in notifying the different Bishops and dioceses of the country, for an approval of the majority of these is necessary before Mr. Reese can be formally declared a Bishop. This is but a formality, however, in accordance with the rules of the church.

The new Bishop Coadjutor has been rector of Trinity church, Columbus, for five years, during which time the membership has doubled and a parish house has been built. He was born in New York, his father, Rev. George Reese, having been rector of the Episcopal church at Dobbs Ferry, N. Y., while his grandfather, Rev. Theodore Irving, was an Episcopal rector in New York, and a nephew of Washington Irving, the writer.

He was educated at St. Paul's school, Concord, N. H., and Columbia college, taking his theological course at the Episcopal Theological seminary in Cambridge, Mass. He spent some time in the graduate school at Harvard, and was founder and rector of St. Michael's church at Milton, Mass. He is 39 years old, married and has two children. His wife was Miss Louise Cowin, of Boston. After the close of the convention he at once called her up at Columbus to tell her of his election, although he left for home later in the evening.

He stated that he did not know yet where he would make his home. He is deeply interested in social work, a believer in equal rights, is chairman of the State Board of Arbitration, appointed by Governor Harmon, and a member of the Social Service commission of the Diocese, being an advocate of playground and settlement work.

Cemetery Suit At Last Settled

By agreement of counsel, the case of Julia B. Moore against Samuel B. Timmonds and forty-one other defendants, filed last July, involving the old abandoned cemetery established in 1838 by Martin Funk, was settled in the common pleas court late Wednesday. The cemetery is located on the north side of Kinney lane, within 26 rods of Greenlawn cemetery, and contains about one acre. The cemetery contains the bodies of about 150 persons, several Revolutionary soldiers and many early settlers of this section being buried there. Now that it is unfenced and abandoned, the cemetery is a menace to public health, it was declared, and for this reason the suit was brought. The land is a part of the Timmonds addition.

Under the terms of the settlement Filmore Musser was appointed to have the remains moved from the cemetery to a lot already selected in Greenlaw cemetery and have new monuments erected at the graves of the ones who served in the Revolutionary war and the expense of this work will be paid out of the proceeds of the sale of the tract, as ordered by the court. A. H. Barnon, Ed J. Corson and Smith Grimes were named as appraisers.

The opposing attorneys were N. W. Evans and Jos. T. Mickleth-waite.

Officer A. Piatt Was Suspended By Chief

Police Officer Armour Piatt was suspended indefinitely by Chief Phillips, Wednesday evening, for conduct unbecoming an officer. The chief acted on information that Piatt had taken French leave from the city, and also upon conduct unbecoming an officer, on account of charges of having broken up a home.

Piatt had come to Chief Phillips and asked for a week's furlough, saying he was feeling ill. He was granted leave of absence. Piatt did not say a word about leaving town, and it developed he left without telling his wife. None of the family have the slightest clue as to his whereabouts. It is thought that Piatt took a sudden notion to leave because of the notoriety he gained through being named corespondent in a recent divorce suit, Lindsay Ferguson, an N. & W. fireman, has been named to temporarily fill Piatt's place on the police force.

Perry's Name Was Withdrawn By Taft

Washington, D. C., Dec. 5.—Senator Burton has begun to hear from Chillicothe anent the postoffice situation. While he was getting telegrams for and against the Postmaster, George W. C. Perry, also for and against E. A. Tinker, whom the senator has had in mind for indorsing for the office, the White House withdrew the nomination of Postmaster Perry, thus clearing the way for whoever the senator may recommend, D. Mead Massie sent a scorching telegram of remonstrance against the favorable consideration of Attorney Tinker and in favor of the reappointing of Postmaster Perry.

Perhaps Mr. Massie's influence in the situation would be much greater had he not been one of the delegates to the Republican State Convention in Columbus last summer who made the fight against the indorsement of President Taft and his administration. Even though Mr. Massie stayed regular when the Bull Moose bolted the Republican party, his bitter attitude toward the president at the state convention is fresh in the memory of the officials of the White House. Although Senator Burton is favorable to Tinker, he has not yet decided to recommend him.

Dr. Hartman Recalls Cures Made By Old-Time Pe-ru-na

DR. S. B. HARTMAN

I have been practicing medicine since 1865. Most of that time I have been using Pe-ru-na as my principal remedy. So many unexpected recoveries have been made by those for whom I have prescribed Pe-ru-na that it would take a large book to contain them all. They keep coming up to my mind one by one. Whether on my farm, or at home, whether playing with my grandchildren or conducting my large office business, these incidents of old-time Pe-ru-na cures steal in upon my memory unawares.

Take, for instance, a single case from the extensive list of similar cases in my diary of cases treated, as an example of the cures that Pe-ru-na used to make.

Mrs. T. S. Eberlein (then of Pittsburg, Pa., afterwards of Keokuk, Iowa), during the year 1882 began to develop usual symptoms of catarrh of the lungs. Cough was one of the first symptoms, which gradually grew worse in spite of all treatment. The sputa, at first slight, became abundant and purulent, occasionally streaked with blood. A rapid loss of flesh and flagging appetite filled her relatives with forebodings. The hectic flush, night sweats, and suppression of the menses, left no doubt as to the nature of her disease.

From the first physicians had been employed. Cough medicines, tonics, cod liver oil, and stimulants were resorted to by her physicians without avail.

The first physician employed was Dr. Williams, Penn Ave., Pittsburg; Dr. Gilliford, of Allegheny City, was next called; and then Dr. Riggs, of Pittsburg.

During this history of conflict with terrible disease frequent consultations were held, but nothing checked the steady progress of her malady. Not a doubt had existed in the minds of her physicians or friends as to the nature of her disease, nor as to its fatal termination. The repeated examinations of her lungs indicated the rapid strides with which she was nearing the end.

Her physicians were honored members of the medical fraternity, in whom Mrs. Eberlein's husband and family had perfect confidence. And the sorrow with which they listened to their decision that they had exhausted everything known to them in vain for the relief of the wife and mother of the afflicted household can be better imagined than described. As is common to this sort of patients, Mrs. Eberlein continued hopeful long after her attendants believed her to be beyond cure.

I was practicing at the time in Pittsburg, and a fancy that I would be able to relieve her was, during her illness, repeatedly expressed by Mrs. Eberlein, but it was regarded as the merest whim; and, as they were employing the best medical talent the city afforded, no attention was paid to it. At last she became so weak and emaciated that an attendant was constantly at hand to lift her during the terrible coughing spells to which she was subject, and which were frequently followed by alarming sinking spells, during which she was often thought to be dying. It was during one of these frightful paroxysms when her husband was supporting her tenderly and vainly trying to palliate her sufferings that she again expressed her belief that if Dr. Hartman were sent for he could relieve her.

Willing to indulge her in any wish, as she was thought to be dying by all, I was immediately sent for, but being very busy, was not able to respond until late in the evening of the afternoon on which I was sent for. It was not expected that she would survive until I could reach her home, but hope kept her alive until I came.

It would be difficult to imagine a more discouraging case for a doctor to undertake to cure than Mrs. Eberlein's at the moment of my first visit. Let me describe her symptoms.

A drawn, pinched countenance, of a deathly pallor, and livid lips. Sunken, fixed, staring eyes, with a glassy brightness. Wasted in body to a mere shadow. Pulse wholly imperceptible at the wrist, but the heart feebly fluttering. Extremities cold and clammy, finger nails blue, breathing hurried and gasping, utterly exhausted and hopeless. It certainly seemed as if I had only arrived in time to see her die.

The first question of the distracted husband was: "Is my wife dying?" But my undaunted faith in the efficacy of Pe-ru-na is such, even in this awful emergency, that I replied:

"Sir, you and I are now in the vigor of life; I may happen that this lady will live to see us buried."

After a hasty examination of the case I prescribed Pe-ru-na to be taken every hour, and if she was not better in the morning to let me know.

It was two weeks before I again heard from the case, when the husband entered my office, radiant with joy, and, not waiting for the usual salutations, exclaimed:

"Doctor, my wife is well!"

"Oh, no, you mean she is better," I replied. But the enthusiastic husband insisted that his wife was "well and the heartiest eater at the table."

The fact was that, while she had made astonishing improvement, she was obliged to continue the use of Pe-ru-na many months. In less than a year she was entirely well, and has remained so since, and her treatment from the beginning to the end was Pe-ru-na and nothing else. To have seen her at the time of the first visit it would have been impossible to believe that any medicine or other earthly power could have saved her.

This case is no more unusual or astonishing than a great many others that my list contains, not only of diseases of the lungs, but of all mucous surfaces.

Cases of dyspepsia, diarrhea and dysentery which have withstood all other treatment, have yielded at once by the use of Pe-ru-na.

Numerous cases of Bright's disease of the kidneys, acute catarrh and rheumatism, female diseases, that had been treated locally for years, were instantly relieved and finally recovered by Pe-ru-na. In short, every disease affecting any mucous membrane of the body that has not already gone beyond all earthly help, frequently makes astonishing recovery.

As a general tonic and appetizer Pe-ru-na has no superior. It is a certain remedy for worn-out or tired-out human nature. Cases of nervous prostration, loss of vitality and sleeplessness are all treated by Pe-ru-na with such undeviating success that wherever it is used it ranks as the greatest tonic known.

In future articles I will recite other cases of similar interest. In doing so I shall not allow the slightest exaggeration or fiction to mar the realism which the simple facts alone give to any narrative of this kind. It must be borne in mind, however, that the Pe-ru-na referred to in the above article is the old Pe-ru-na, now sold under the name of Ka-tar-no. Should the druggist not happen to have it in stock he can obtain it of any wholesale druggist. If your druggist does not order it for you, write the Ka-tar-no Company, Columbus, Ohio. It will be sent prepaid, $1.00 a bottle, six bottles for $5.00, twelve bottles for $10.00.

NARROW ESCAPE FOR SMALL BOY

Willie Foster, pupil at Holy Redeemer parochial schools, wouldn't give one guardian angel for the lives of nine cats, with their nine lives each.

Because why! For the reason that just shortly after the noon hour, Thursday, Willie mixed it up at the corner of Sixth and Gay with an automobile and a horse, and though he was butted out of the way by one and knocked down and pranced upon by the other, he escaped without a scratch and came out of it all laughing good-naturedly.

His escape with his life is inexplicable, to say nothing of how he came out without so much even as a jar. Willie was on a bicycle and he and Dolph Hurth, who was driving the horse, both attempted to clear an auto that was turning the corner. They met head on and down went little Willie, while the horse reared and plunged over him, and every moment scores of his companions and a crowd that gathered in the twinkling of an eye, expected to see him mangled and crushed. No harm came to him, however, and when he got clear, he arose, picked up his wheel and sauntered over to the school house as though he had met with nothing more than the ordinary tumble.

REV. MAIER RESIGNED AS PASTOR

At the quarterly meeting of the Kendall Avenue Baptist church on Wednesday night, Rev. F. A. Maier tendered his resignation, to take effect the first of February, when he will go to Byesville to take charge of a Baptist church.

Rev. Maier's resignation came as a surprise to the majority of his congregation and the entire parish will regret his leaving Kendall Avenue, which he has built up from a membership of 44 to 171 during the past four years.

Rev. Maier's new charge is a church of 246 members, with an average attendance at Sunday school of 160. He expects to deliver his first sermon there on the first Sunday in February.

Rev. Maier was anxious to remain here until the dedicatory services on the new Kendall addition were held, which will be the first Sunday in January. When he came here, four years ago, the church was $900 in debt, but it is entirely free from debt at present and is in a splendid condition.

The trustees have several ministers in view, whom they will ask to deliver trial sermons here within the next few Sundays.

GRAFTERS ARGUE FOR NEW TRIAL

(By Associated Press.)

Columbus, O., Dec. 5—Arguments before the supreme court of the applications of Isaac Huffman of Butler county, and L. R. Andrews of Lawrence county, for new trials, were heard today. Attorney General Hogan and Prosecuting Attorney Turner, argued for the state against granting the convicted legislators a new trial. Attorney Allen Andrews of Hamilton, on behalf of the plaintiffs, in error, argued that they had not had a fair trial and asked that the judgment against the plaintiffs, in error, be set aside and they be given a new trial.

Attorney F. G. Styker, of Cincinnati, a new lawyer in the case appeared for Andrews. He bitterly scored Prosecutor Turner for his methods in trapping the senator.

"Lead us not into temptation," he quoted from the Lord's prayer. Senator George K. Cetone, convicted yesterday, will not take his case to the higher court until the other two cases are disposed of.

CONSCIENCE COMPELS A MURDERER TO CONFESS

(By Associated Press.)

San Francisco, Cal., Dec. 5.—"I thought I would forget, but I couldn't," said John Wesley Derr, an apprentice seaman at the navy training station at Yerba, Buena Island, as he told officers that he had murdered a man at Richmond, Kas., three years ago. For nearly a week Derr has not been partaking of food, saying that he was suffering with indigestion. When attending physicians could not discover that he was suffering with the ailment which he claimed, he was ordered to report at mess. He asked the quartermaster-at-arms to listen to his story. "If you do, you can make $500 without turning a hand," he told the officer.

"Do I have to write a story?" asked the quartermaster.

"No; telegraph three words: 'Derr located here,'" Derr said.

According to Derr, three years ago he struck a man on the head and killed him. Being a boy he ran away and joined the navy. A reward for his capture was offered. Remaining in the navy Derr hoped that he could forget. His secret preyed on his mind. He soon lost hi sappetite and was finally forced to confess. He expressed his willingness to return to the scene of the crime.

THE RIDDLE OF THE BALLOTS.

Apparently experience with the blanket ballot hasn't yet taught all the voters all the riddles of it.

As proof, it may be submitted, that at the recent election two candidates for commissioner lost an even 40 votes each, because of ignorance of that many voters in marking their ballots. It so happened that two of the three candidates these voters wished to vote for were on their party ticket and the third on another. They put a cross in the circle at the head of their ticket and then came down and made a second cross in front of the name of the third commissioner on the other ticket, believing that would be a vote for him and the first two commissioners on their party ticket.

As a matter of fact, their votes counted in so far as the commissioners were concerned for only the one opposite whose name the second mark was made.

The reason is sufficient, if not altogether apparent. There were three commissioners to elect and every candidate therefore was running, in legal effect, against every other one. It was certain the voter intended to vote for the one person in whose favor he marked, and for him the vote was counted, but it could not be determined from the ballot itself which two, or if any at all, he favored on his own ticket, so his ballot was counted for none of his own party.

The only way a voter could have marked his ticket in the manner indicated, so as to have made it count for three commissioners, would have been, after placing the cross in the circle, to have placed one each opposite the name of each commissioner he supported.

Had the voter intended to scratch his ticket on an office to which only one person was to be elected, his markings would have worked out all right, because it would have been evident whom he intended to vote for and whom he did not.

But, and let us say it again, no scratched ballot on commissioner will count for more persons than those opposite whose names the marks are made.

THE POWER OF THE WEAK.

The reports of the treasurers of the national committees for the year 1912 shows the Democrats spent more than either of the other two major parties, though aggregate expenditures were nothing to be compared with former campaigns.

And there is a lesson in the expenditures. It is shown that the people, though weak as individuals, are stronger in unity, than the politicians and wealth.

The Republicans and Bull Moosers appealed for the sinews of war to the big politicians and the rich; the Democrats appealed to the masses of the party. Here and there both organizations got contributions of $50,000 and even as high as $150,000, hundreds swelling their coffers; but the Democrats got no single contribution larger than $15,000, but hundreds of thousands put in their mite, and in the total made the larger sum of all.

Incidentally, it may be remarked that the publicity of campaign contributions is one of the best and most wholesome laws ever put upon the statute book. It began well by forbidding corporations to give financial aid to parties, and it will continue to operate well because men who donate tens of thousands to political purposes will become objects of suspicion, thus ending their largesses.

EVERY LITTLE ADDED.

It is said property owners along Chillicothe pike are so well pleased with the brick paving so far done there, that they will try to have two miles, instead of one, laid next year.

It would be a good idea for them to do this. Regrettably, the same spirit did not prevail last year and the plan to have one mile paved each twelvemonths halted until this spring, when it was taken up a second time. By all means it should be continued steadily. Property along the pike is coming into demand for residence purposes, and nothing will make it so desirable for that purpose as to abut it with a smooth and permanent highway.

QUITE SENSIBLE.

President Taft says he will not in the short session of congress, now on hand, urge any tariff legislation.

There, for once, he does not blunder. The mess he made in the tariff business had much to do with trundling his party from a magnificent first place in the land to a poor Third. Besides, there is no possibility of him and the Democratic house getting together in any attack upon the robber tariff, and for him to advise anything in that direction would be waste of words and useless efforts.

SHOULD AVOID DELAY.

The road tax, voted last November, will not go on the duplicate until next December.

This means the funds will not directly be available for more than a full year.

In a way this is most unfortunate; but, perhaps, it may be legally available by borrowing against the anticipated revenue. If such is the case, the commissioners should not hesitate to borrow.

The people have shown they want good roads by the spontaneous and quite unanimous voice with which they voted the additional levy asked. They want good roads and they want them right away. They voted their confidence in the present commissioners and will approve any act on their part that hastens the coming of better highways.

Justice can not be blind, else why should a New York judge fine a prisoner at the bar a dollar for winking at him?

RUMOR ABOUT POLICEMAN

A suit of the Ramsey Calendar Company of St. Louis, against Catherine E. White to recover $28.50 on account was compromised in Squire Shakespeare's court Thursday.

Babson Bros., of Chicago, have brought suit in Squire Shakespeare's court against James L. Glassmire of No. 1313 Seventeenth street to recover possession of an Edison phonograph sold to the defendant on condition in March, 1910.

Suit was filed in Squire Shakespeare's court Thursday by the Golden Gate Fruit Company against the Merdel Liquor Company to recover $61.20 on account. It is thought the suit will be withdrawn, the defendants claiming to have forwarded a check to the New York firm.

A. W. Thompson visited the government dam site Wednesday afternoon and found the contractors making good headway.

Big Damage Suit Filed on Thursday

The Portsmouth Steel Company was made defendant in an action for $3,000 damages instituted in the common pleas court Thursday by Attorney N. W. Evans for John Spray.

The plaintiff complains that he was injured while in the employ of the defendant on November 10, last, through being struck on the thumb while holding a wrench for a fellow employe. He states that the thumb was crushed and mangled to such an extent that he was totally disabled for eight weeks and that the injury resulted in a permanent deformity of the left hand. Spray charges negligence and lack of proper care.

BANKRUPT PETITION

Cincinnati, O., Dec. 5. In the matter of George and Margaret Hubbard, bankrupts of Scioto county, W. Edward Garrett yesterday filed an intervening petition against W. W. Reminger, trustee, to recover on a chattel mortgage given to him by the bankrupts as security on a loan of $450. It is charged in the intervening petition that Trustee Reminger entirely disregarded the rights of the intervening petitioner in personal property of the bankrupts covered by the chattel mortgage, and that he has offered a portion of it for sale. The court is asked to require the trustee to pay over to the petitioner the proceeds from the sale of any of the property covered by the mortgage and to relinquish possession of other property pledged under the mortgage.

INJURED AT STEEL PLANT

Howard Dixon, employed at the plant of the Portsmouth Steel company, is sick today, the result of a painful accident he sustained Wednesday, when his left arm was caught and crushed in a charging crane. No bones were broken, but the flesh on his arm was man gled. It will be three weeks before he will be able to return to work.

SOCIAL NEWS

The farm house of Mr. and Mrs. Frank Minford of Harrisonville, was the scene of a delightful party Thursday, the occasion being the fortieth birthday anniversary of the mistress of the household. The time was spent in playing card games and in making merry in general. A sumptuous dinner, with turkey and the trimmings as the principal dish, was served at noon. Among the guests present were: Mrs. Mary Carroll and son, Charles, Mrs. Agnes Dodge and son, Frank, Mr. and Mrs. George Milam and daughter, Elnora, Mr. and Mrs. William Osmeyer and son, Chester, Mr. and Mrs. David Bennett and sons, Earl and Floyd, Mr. and Mrs. John Milam and daughter, Nellie, Mr. and Mrs. John Coburn and daughter, Katherine, Mr. and Mrs. Louis Knore, Mrs. William Lyons and Mrs. Charles Hopkins. Mrs. Minford was the recipient of many handsome and useful presents.

BENEFIT WILL BE SUCCESS

Those who have in charge the big benefit dance to be given Officer Joe Stokley at Kendall's hall this evening, are counting on a $400 crowd. Tickets to the amount of $369.00 have been sold and it is hoped the $400.00 mark will be reached when the music starts up. The music will be furnished by 12 members of the Musicians' Union and not a penny will be charged for their services.

Officer Andy Leslie is the champion ticket-seller, having disposed of $75.00 worth. Officer Dixon comes next with $55.00, while Captain Roan Walker has sold $51.50 worth and Officer Albrecht $50.00 worth.

No further word has come from the bedside of Thomas Sewards, former Fullerton man, who was badly hurt in a mine powder house explosion in the Hocking Valley mining district Tuesday. The aged mother and other Fullerton relatives of the injured man are anxiously awaiting news from Columbus, where Sewards is in a hospital, as to his condition and what his chances are to recover.

UNDERGOES OPERATION

Mrs. Susan Lewis, of 2042 Robinson avenue, underwent an operation for gall-stones at the Hempstead hospital Thursday afternoon. Merely to show the accuracy of the physicians' diagnosis, it may be well to state that 542 stones were found in the gall duct. Mrs. Lewis rallied splendidly and will recover.

Mrs. Anna Babnert, of Eighth street, underwent a delicate surgical operation today and it was pronounced a fine success.

Paul Jarrell, of the Chillicothe pike, was discharged Thursday from the hospital.

Permits were issued Thursday for sanitary sewer taps at Manly M. E. church No. 1111 Clay street and Mrs. Nellie E. Seel's property at No. 1647 Eighth street.

OBITUARY

Mrs. George Sheppard.

After battling courageously against the inevitable, Mrs. Bertha Sheppard, wife of Attorney George W. Sheppard, passed away at 10:30 Thursday morning at her home, 534 Fourth street. Death was attributed to failure of the heart. So seriously had Mrs. Sheppard been for the past ten days that the family and her immediate friends were prepared for the worst. However, her sudden taking off came as a distinct shock.

Some five or six weeks ago Mrs. Sheppard was taken ill with heart failure in a most aggravated form. For a few days her condition was improved through the employment of powerful stimulants. When these began to lose their effect Mrs. Sheppard suffered a relapse and for the past ten days she had been critically ill. The final summons came with a smile on her lips as she was ready to go back to her Maker. Life's work ended, she met her Master with outstretched arms.

Mrs. Sheppard was 41 years old and besides her husband she leaves one son, Preston, and her aged mother, Mrs. Rachel Cook, widow of Dr. Thomas C. Cook, for many years a practitioner of Vernon township, where Mrs. Sheppard was born and where she grew into womanhood.

She also leaves four sisters: Mrs. Myrtle Clary, of Elwood, Ind.; Mrs. Maud Mooney, of Tacoma; Mrs. Blanche Roth, of Wheelersburg, and Mrs. David Shoemaker, of Gallia street. Mrs. Sheppard was a firm believer in Methodism and at an early age she affiliated with the M. E. church at Chaffin's Mills, where she held her membership card until death claimed her. She was a member of the Royal Neighbors and in every way was a most excellent woman, loving, affectionate, full of energy, and in her death the city is bereft of a most estimable resident. During the two terms Mr. Sheppard served as county recorder Mrs. Sheppard proved an invaluable assistant to her husband, and it was while doing this work that she mirrored her true nature and acquired so many friends. Always willing to help one in need, accommodating and painstaking, Mrs. Sheppard was respected and loved by all.

The funeral services will be held from the home probably Saturday and the Rev. T. H. McAfee will be the officiating clergyman.

Paul Leopold

While conversing with members of his family about his plans for the future, the chill hand of death rested upon the shoulder of Paul Leopold, one of the city's best known German citizens, and without warning he passed away Thursday afternoon, at 12:30, at the family residence, 934 Washington street.

So sudden was the fatal attack of heart failure that his last sentence was broken in two and in less than a minute the spark of life had left his body. But a few moments before he was chatting gaily with his wife and daughter and apparently was feeling better than he had for several days. Two physicians were hurriedly summoned, but Mr. Leopold was beyond medical aid. He had passed beyond the Mystic Portals. He had not been in his usual health for several weeks, but he was able to be around and took a short walk only this morning. It was while seated in the parlor of his home that the death summons came to him so unexpectedly.

Mr. Leopold was 58 years old, and besides his wife, Mrs. Rose Leopold, he leaves one daughter, Miss Lucy at home, a step-daughter, Mrs. Jacob Booker, of Cincinnati, one sister, Mrs. Henry Born, of Tenth street, and two brothers, Fred Leopold and Edward Leopold, of Hamilton, O.

Mr. Leopold was an expert carpenter and was a man who by the straightforward life he had led had won the confidence and esteem of his friends and acquaintances. He was a good provider and his happiest moments came when he was in the circle of his own family. With the arrival of out-of-town relatives final arrangements for the funeral will be perfected.

Tucker Funeral

The funeral services and burial of Helen, little daughter of Prof. and Mrs. J. W. Tucker, of South Portsmouth, were conducted Thursday afternoon at Rushtown.

John W. Hatch.

Frank B. Kehoe received a message Thursday announcing the death of his cousin, John W. Hatch, at his home in Takula, Ill., early this morning. Many of the older citizens of this section will remember Mr. Hatch, who for several years lived on a farm on the Gallia pike, near the old Red school house.

The cause of death was not stated in the message, but it is assumed that his demise resulted from infirmities of age, as Mr. Hatch was a man of advanced years. His first wife, who died many years ago, was a sister of Frank Hayward, of Ironton.

The funeral will be held Saturday, with burial at Takula.

Mrs. S. A. Dunbar.

The Gallipolis Tribune tells of the death of Mrs. Frances E. Dunbar, wife of Captain S. A. Dunbar, long a prominent citizen of Gallipolis and widely known in this section. Mrs. Dunbar died Tuesday and will be buried Friday at 2 o'clock.

Of Mrs. Dunbar the Tribune said:

"Mrs. Dunbar was one of the very prominent ladies of this city. Her home, which was spacious as well as lovely, had many times been the scene of brilliant and enjoyable social functions, on a scale unsurpassed in a city of these dimensions. As a hostess and entertainer, she was not excelled by any, and was equaled by few. Her reputation in this direction extended beyond the confines of her home town.

"Far and wide the home of Mrs. Dunbar was noted as a seat of unlimited, generous hospitality, and, in the days of her good health, she and daughters dispensed favors of this sort, we might say, lavishly and royally. Not only this, but in the privacy of her own home, she sought to make all happy with the passing of every day. Her home was a gladsome place at all times for her children and grandchildren. The poor and needy, the sick and distressed sought her out, knowing that their appeals for assistance would be kindly heard and, if possible, quickly answered. Her passing will be missed and regretted.

"Mrs. Dunbar was a woman of large executive capacity, what we call business capacity, among men. She managed and executed promptly and well, and without hesitation. She knew what to do and how to do it, in her home affairs, as well as hostess in social events, and always unselfishly sacrificed herself to make others happy.

"She will long be remembered by those who were fortunate in being counted among her friends.

"She had been a member of the Episcopal church since the early age of 13 years, and was always foremost in church and Sunday school work. She was a D. A. R. member.

"She was the second daughter of the late William C. Miller and Caroline Newsome, General Lewis E. Newsom and Henry Miller, pioneer residents of Gallipolis, being her grandparents. Her sisters were Mrs. Downing, wife of Major J. B. Downing, of Middleport, and Mrs. Annie E. Fitch, wife of Mr. Frank Fitch, and who died only recently. Mrs. Downing survives her. She is also survived by her brother, William C. Miller, of Norwood, Ohio. Her brother, Henry, died only last summer. She was a student of the old Gallia Academy under the administration of Mr. and Mrs. A. G. Sears, and was united in marriage with Captain Samuel A. Dunbar December 13, 1870. They became the parents of Carrie, wife of Mr. Will McElhinny, of New Jersey; Maude, wife of Mr. J. E. Halliday, merchant of this city; Miss Frances Dunbar, at home; Samuel Miller Dunbar, now of Pittsburg, and Harry Gilbert Dunbar, who died in infancy."

Mrs. Mary S. Sexton

Mrs. Mary, the loving wife of Curtis Sexton, departed this life December 2, 1912, being twenty years old. She was a good Christian and well loved by all who knew her. She lingered for a year with consumption and fought bravely until the end came. She leaves besides her husband a father, mother, and one sister and a host of relatives and friends, who will deeply mourn their loss. The funeral services were held from the home of her parents, Mr. and Mrs. Nixon, of New Boston, conducted by Undertaker Roy Lynn, and the remains were laid to rest in Greenlawn cemetery.

A precious one from us has gone;
The voice we loved is stilled;
A place is vacant in our home
Which never can be filled.

God in His wisdom called her home,
The boon His love has given;
Her body is now in slumberland;
Her soul is safe in heaven.

Dearest darling, she has left us;
Yes, she's gone for evermore.
But we hope to meet our loved one
On that bright and happy shore.

Lonely the hours and sad the home,
Since our dear one has flown;
But, oh, a happier home than ours
In heaven is now her own.

Composed and written by one of her neighbors. adv-lt

Alex Donalds

Eddie Donalds received a telegram from Bidwell, Gallia county, Thursday, announcing the death of his father, Alex Donalds, who died almost without warning. As late as Tuesday Mr. Donalds received a letter from the home folks stating that they were all in their usual good health. The message gave no particulars of Mr. Donalds' death. The latter was 60 years old, and in addition to his wife, he leaves eight children. Mr. Donalds was for a number of years employed as a foreman by the Hocking Valley railway. His son here left Thursday for Bidwell to attend the last sad rites, which will be held Saturday. Mr. Donalds was for many years a highly-esteemed resident of Gallia county.

Alfred Mullins.

Mrs. A. L. Elfrid, of No. 822 Front street, received word Thursday of the death at Nelsonville, O., of her nephew, Alfred Mullins, aged 19, a coal miner. He had been ill ten days. He was a son of Peter Mullins, who died at the same place a year ago. The body will be brought to the former home at Firebrick, Ky., for burial.

Diamonds As Gifts

FOR many years we have been selling diamonds and precious stones from our superb collection of gems obtained direct from the cutters, and in most instances have designed and supervised the creation of the finer pieces of jewelry.

The buyer depending to quite an extent on the merchant, it is most important that the house should be of undoubted responsibility. It is therefore only fitting that your gift should be identified with this establishment.

Negro Draws A Gun On Grocery Clerk

A Negro tramp drew a gun on Will Redden, a boy clerk at Charles Harter's grocery, when refused some food which he had demanded, Thursday noon.

Young Redden was so badly scared over the gun play that it was some time before he gave the alarm. A squad of police was rushed to the scene. It was learned the Negro had also visited the shanty of George Barlow, a one-armed man on Neil's dump. He is then said to have followed the Scioto river bank. An automobile was secured from Walter Patterson and officers started in pursuit, but could find no further trace of the Negro.

KA-TAR-NO,

THE OLD-TIME PERUNA.

"If I could only get Peruna as my mother used to do when I was a boy," said a young married man to his wife recently. "This Revised Peruna may be all right, of course, but I was brought up on the other kind."

To this young married man we wish to say that we have the old-time Peruna for sale. It is now called Ka-tar-no. If your dealer does not keep it in stock, call on us and we will supply you with the very same Peruna that your mother used to give you. Ka-tar-no is not a new remedy, but an old one. Ka-tar-no is a new name for a very old remedy. Everybody has heard of Peruna. Nearly everybody has taken it. Well, that is what Ka-tar-no is, Peruna, the old-time Peruna. The Revised Peruna is to be found in all drug stores. It is a great remedy, but not the same as the old-time Peruna, now called Ka-tar-no. We have it for sale. Single bottles, half dozens or dozens. We also have a free booklet which explains the whole matter. Ask your dealer for one. If he can't supply you we will.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving $2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for $2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the original successful formula has never been equaled.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co. Ft. Wayne, Ind.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise:—I am a young girl just sweet sixteen and I am in love with a young man 17. Some people think we make a handsome couple. I am deeply in love with him but I don't think he cares much about me. What would you do?

JANE.

Young men of 17 are sometimes foolish. You might tell him and he might believe you.

Dear Miss Wise:—I am 18 years old and have kept company with a young man for two years. He is very much in love with me and has asked me to marry him. I like him well enough but I don't want to marry him because he is crosseyed. What shall I do?

GYPSY.

If yo udon't want to marry him that should settle the matter.

Dear Miss Wise:—I have been going with a young man for a long time. I like him only as a friend, but I know that some day he expects to marry me. I could like him better but he is so easy. Please advise me.

BLONDE.

Marry him, you'll find that he isn't the easy one.

Dear Miss Wise:—When a lady and gentleman leave their seats in a picture show is it proper for the gentleman to lead the way out or should he let her go first? Also when a fellow is on the street with two girls should he walk on the outside or between them?

N. C.

The lady should lead the way to the back of the theatre, if it is crowded there then the gentleman should take the lead. The gentleman should always walk on the outside.

Dear Miss Wise:—Is it proper for a girl to give her employer a Christmas present? I have accepted a present from him each Christmas but have never returned the gift. Please advise me.

KATE.

No. Many employers remember their employees at Christmas.

Dear Miss Wise:—Is it improper for me to kiss my girl on the street corner early in the morning? If so, why?

CHARLES L.

That is a bad place to kiss any girl. Did you ever try kissing her in "the kitchen" late in the evening?

Dear Miss Wise:—I am a girl of 16 years of age and in love with a young man of 18. I am so deeply in love with him that I can't get my school studies. Would it be better to drop my studies and just love him?

MARY.

Stick to your studies my child. If you do you will find in a year or two that you do not know the meaning of love.

Dear Miss Wise:—I am having trouble here at home concerning my beau. I have other sisters that have gentlemen friends and my beau always expects me to entertain him in the parlor and of course sometimes my sisters beat me to it. So we both don't like to sit in the room with the family and I don't know what to do. Sometimes I have a notion to leave home and rent me a room so I can entertain him whenever I please without any one interfering. I know we both would be better satisfied to spend our evenings alone. We have been going together for the past five months. I love him better than my life. So what would you advise me to do? What would you suggest me to get him for Xmas?

MARCELLA.

Do not think of leaving your home to entertain anyone. Consult your sisters and ask them to divide "time on the parlor."

Creamed Ham

Cut cold ham into thin shavings; put one rounding teaspoonful of butter into a small saucepan, melt and add one-quarter cupful of milk and when hot put in the ham and dust with pepper.

When all the ingredients are hot, add the beaten yolk of one egg, and as soon as cooked creamy serve at once. This may be cooked in a chafing dish, and makes a good luncheon.

Ora Brown, of the Portsmouth Hat company, was able to return to his home on Second street Wednesday, health authorities having lifted the quarantine, which has been on for several weeks. Grant Goings tells a hard-luck story about how he wound up the hunting season Wednesday.

A friend, learning that Grant and Jake Price had arranged to hunt near Franklin Furnace placed his fine bird dog at their disposal, even delivering it at Grant's home. Grant, though, concluded he would not see any quail, anyway, and so left the dog at home. Grant was his surprise when he ran into eight coveys during the day. He bagged 0 birds and 2 rabbits, and Jake got 3 birds and a half-dozen cottontails.

Paul Esselborn put in the closing day of the season hunting on the West Side.

FASHION DICTATES A SEPARATE BLOUSE.

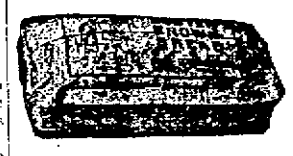

A dressy separate blouse that makes a very attractive afternoon costume of the plain two-piece suit, when the coat is to be removed at the matinee or afternoon call, has been developed in black satin combined with a new and very effective trimming and blouse material—silk sponge, which in this case has a ground of old blue, figured in tones of old blue, dahlia red, leaf green. The odd cut of the blouse gives it the individuality every woman desires, together with the newest style—deep cuffs, reversed lapels, a medici collar standing close to the neck and finished in front with a soft bow of old rose ribbon, above the tulle vest.

IN PURSUANCE of our policy of telling patrons just what to expect from our attractions, we want to say a word aboutt "The Shepherd of the Hills." This attraction has received the most commendation of any show of its kind on the road, in reports to the Dramatic Mirror. It has played to big business, and all reports say "audiences greatly pleased." The Dramatic Mirror is like the Associated Press, not prolific in praise, and the reports are ninety-nine times out of a hundred impartial. The show plays a matinee Saturday afternoon and is expected to be one of the best matinee attractions of the year. The top price at night will be $1.00.

RED CROSS STAMPS ON BACK OF LETTERS ONLY

Red Cross stamps, if affixed to mail matter, should be placed only on the back of the letter or package, and if the letter or package is to go to Australia, Norway, or Portugal, no Red Cross stamp must appear on it anywhere. Matter mailed contrary to the above rules will be returned to the sender, if known; and, if not known, will be sent to the Dead Letter Office, which will be the end of it. The placing of a Red Cross stamp on the face of a piece of mail matter means that it will never leave the local office, unless to go to the Dead Letter Office, where it will either be sold or destroyed.

The above information was given out by Postmaster Charles E. Hard to save helpers to a worthy charity from using the stamps in a way to work injury to themselves.

Mr. Hard also advocates early shopping, in order that there may be early mailing. In the closing days of Christmas mailing there is a terrific crush on the postoffice clerks, carriers and railway mail clerks. These employes work at the highest pressure at long hours for many days before Christmas, and, even with extra help, are at times simply overwhelmed by the incoming and outgoing masses of mail. Trains are invariably late during the Christmas season because of the time lost in loading and unloading the extra mail and express matter. This leads to ultimate failure at times to make connection and then delay is inevitable.

The public can now mail packages at Christmas times much earlier than in former years because the postal regulations permit the placing of the words, "Not to be opened until Christmas," or words to that effect, on the package. The recipient knows that the inclosure is a Christmas present and so will not open it before Christmas.

It is also permitted to place such inscriptions as "Merry Christmas," or "Happy New Year," on packages without making them liable to the first class postage rate, but anyone who is so foolish as to try to slip matter into a Christmas package and then try to run the combination through the mails at a low rate of postage will have a sad and expensive experience by the time Uncle Sam gets through with him.

Then don't make the mistake of sending fragile and insecurely wrapped packages through the mails. Everything has to go into mail sacks, the big stout packages with the little weak ones, and the sacks have to be thrown on top of each other in the crowded mail cars. It is unavoidable that the insecurely prepared parcel is the one to suffer.

By all means make sure that there is sufficient postage on the parcel. The clerks at the general delivery windows will gladly weigh the mail for you on the postoffice scales, and then there is no chance of error. They will tell you exactly what the postage is.

Here is the way to mail a package properly. See that it is securely packed and tied. Then write the name and address of the addressee in ink in a large plain hand. Write your own name and return address in the upper left hand corner and near this write conspicuously, "Do not open until Christmas." Take the package to the postoffice a week before Christmas. Have it weighed by the postoffice clerk and place the stamps in the upper right hand corner. If the package has value or sentiment connected with it, register it. A parcel mailed in this way will go through to its address promptly, safely, and in good condition. It will get there before Christmas, but will not be opened until Christmas. Many presents are belated. Yours will not be one of them.

HARRISON IS OLD FRIEND OF MR. HOLCOMB

William P. Harrison, the Cincinnati millionaire mail order man, who after being sentenced to three years in the federal penitentiary at Leavenworth, was practically granted his freedom by the United States Circuit Court of Appeals in Cincinnati, Tuesday, is an old friend of Judge A. T. Holcomb of this city. The court reversed the decree of the United States District Judge Hollister and directed a retrial of the two cases presented against Harrison by the government.

Harrison had been indicted for using the mails in furtherance of an alleged "scheme to defraud" in the sale of "New Home Vacuum Cleaners" and "Easy Way Washers." The late Miss Rose Armstrong, cousin of Judge Holcomb, was Mr. Harrison's cashier until her death.

THOSE CHICAGO ARE STUDENTS HAD A GAY TIME

MISS NOUVART DZERON, as "A Singer Before the Curtain" — MISS BERNICE TAPP One of the Chorus Girls. — MISS ELLA BUCHANAN Another Chorus Girl.

The annual vaudeville performance of the Art Students' League of Chicago was, as usual, a pay affair. The girls and the boys made up in all sorts of oriental costumes and, sure as you're alive some of the girls were in their bare feet.

CITY GOING AHEAD TO CONDEMN RIGHT OF WAY

Mayor M. T. Stewart, of New Boston, emphatically denies the story printed in a local paper to the effect that he had called a special meeting of the village council for tonight in hopes of getting legislation through permitting the city of Portsmouth to lay water mains there.

The Mayor said he had no assurance whatever that there would be a quorum were he to call a meeting, and therefor he had not taken any action, though he would like to see some way out of the present situation whereby the city would be given the franchise it asks for.

Attorney Robert C. Myers, who is the village solicitor, likewise repudiated an interview published, saying words were put into his mouth that he never dreamed of. He said the only thing that had come to his notice Wednesday afternoon was a complaint that Contractor Seymour was unloading pipe on the streets of New Boston. Councilmen Dixon and Lewis, who are leading the opposition giving Portsmouth a franchise, made the complaint. He forthwith called up Marshal Coburn and advised him to stop the unloading. Coburn ordered Seymour to quit and he did. Mr. Myers said Thursday that he would like to see the mains go through New Boston as well as anyone, if it was done in the right way, but he said it was a question in his mind if Portsmouth had a right to convert the streets of the village to its use. "It is a poor rule that will not work both ways," said Mr. Myers. "What if New Boston concluded to build a water plant of its own and concluded that Scioto river water was the best, would it have a right to tear up Portsmouth's streets in order to reach that stream."

The local city officials expect to pay no further attention to the talk or threats of the New Boston solons but will go right ahead with the condemnation proceedings.

BUSY TIMES IN COURT

Next week promises to be a busy one in the Scioto county common pleas court, several important jury cases having been set down for trial during the session. The petit jury, by the order of the court, was Thursday instructed to report to Judge Corn for service next Monday.

Judge Corn will be here the first two days of next week, while the other cases will be heard by Judge Blair, who went to Adams county today to hold court the remainder of the week.

The jury ordered in next week is the same that was drawn for the September term and served in the earlier part of the term.

TO UNDERGO OPERATION

Mrs. Elizabeth Wertz, of No. 731 Fourth street, left Thursday morning for Columbus to enter Grant hospital, where Dr. Baldwin will perform an operation on her Saturday for the removal of a tumor. Mrs. Wertz was accompanied by her son and daughter, Charles Wertz and Mrs. J. A. Wilhelm. She has been suffering for a year or more, but her condition did not become aggravated until a few weeks ago.

Found A Pointer.

Officer Charles Schwoebel in making his rounds through the West End Wednesday night, found a stray pointer dog which he took to his home on Third street for safekeeping.

Ex-Janitor Lantz Sends Us A Card

The Times, Thursday, received this communication, which is given for what it is worth:

Portsmouth, O., Dec. 5, 1912.

Editor Times: Will you kindly publish the following: "More Salary to Be Given Gang Healers" was the heading of an article which appeared in The Times of last evening. I wish to correct a few statements in that article. I served as janitor of the Hempstead hospital from August 1st to November 21st of this year. Mr. Hutchins did not ask me to resign, but rather requested me to stay. I quit because $25 per month was not sufficient for the amount of work that is required to be done. The job is worth $50 per month. Again I wish to state that I quit of my own accord and am no Socialist either, but a true Democrat.

Respectfully,
H. F. LANTZ.

Mr. Lantz may be "a true Democrat," as he says, but a high city official is authority for the statement that he applied to Mayor Tynes for a job immediately after that official was elected, told him he was a Republican and had worked for his election. Mr. Lantz may have quit on his own accord, but another high official at the time Lantz's connection with the city payroll was severed, is said to have made the remark that Lantz was not much force as a janitor and he was glad to get rid of him. Another official told a Times reporter at the time that they had given Lantz the job upon representation that he was a Republican, but they had since discovered he was a Socialist.

It is quite probable Lantz thinks $25 a month too small for the work, for a city official said he nearly had a fit one day when a load or two of coal was dumped at the hospital and he was told to transfer it to the cellar. The gang city rulers did not seem to think enough of Mr. Lantz's ability as a janitor, however, to advocate a salary raise for him. When Peter Lotell got on the job, however, up goes the salary. Why is Pete favored above Lantz?

And the fact remains that under the previous city administration there was no difficulty in filling the place at $25 per month, board and room, which really amounts to over $50 a month.

LISTEN! HERE'S TOM CALVERT

"People will quit whistling that old familiar tune, 'In the Good Old Summer Time,' ere Saturday," remarked Tom Calvert, Thursday. "We are going to experience one of the greatest blizzards that ever swept a community," said the prophet. "The thermometer will drop not less than 40 degrees between now and Sunday," continued Tom, "and people had better be prepared for the sudden change."

The prophet absolutely refuses to give a reason, but added that there was no chance for his prophecy to go away. "We will have winter, and plenty of it," said Tom as he hopped into his milk delivery wagon. He has ordered ear muffs, a sweater coat and felt boots and insisted they be delivered not later than Saturday night.

CETONE FOUND GUILTY OF ACCEPTING BRIBE

Columbus, O., Dec. 5.—"Guilty as charged," said a jury late Wednesday afternoon, after only one hour and ten minutes of deliberation in the trial of Senator George K. Cetone, of Montgomery county, accused of taking a bribe of $200 on April 27, 1911, from a man whom Cetone is said to have described to his colleagues as "a nice, smart business man," but who proved to be Detective Frank H. Smiley.

The verdict makes the senator liable to a penitentiary sentence of five years and a fine of $500.

By the finding Cetone is guilty of taking the bribe on the Cetone insurance bill, No. 256, which he himself introduced and which the senator's associates said that he personally favored.

When the verdict came in the trials on all of the indictments brought about by the little telephonic device which has been the terror of alleged evil-doing legislators had been finished, and the toll of the instrument became three state senators and one officer.

The senators are Cetone, Isaac E. Huffman, of Butler county, and LaForrest R. Andrews, of Lawrence county, whose application for review of their cases in the Supreme court will be argued today, and Senate Sergeant-at-Arms Rodney J. Diegle, already serving a three-year sentence.

Cetone, in court with his wife and little boy, eight years old, heard the verdict at 5:20 with no sign of emotion. His wife likewise was calm and cool, and, gathering up her furs from the counsel table, prepared to leave the room. The little fellow did not comprehend the proceedings.

CLOSING OUT BIG STORE

The firm of Sanford, Varner & Co., of Cincinnati, have started in to dispose of their stock. It is being parceled out, as they are anxious to close their books with the ushering in of the new year. While in Cincinnati, Wednesday, Isador Goodman bought several bolts of goods for his local store.

There is no longer any doubt but what J. H. Varner and family will move back to Portsmouth.

LIFE AS IT REALLY IS

Columbus, Dec., 5—The average yield of corn per acre in Ohio is only a little more than 35 bushels but more than 60 of the boys entered in the Washington corn contest trip have each raised more than 100 bushels on their acres. Forty-three of the lads produced more than 107 bushels per acre. The works of these lads shows what can be produced from Ohio soil by the right kind of effort. "The boys have accomplished wonders and certainly have shown up their farmer dads," said Secretary Sandles of the state board of agriculture, under whose auspices the trip will be given. Nearly 300 boys will go to Washington. They leave a week from next Monday.

The Selby Shoe Company, of Portsmouth, which has a yearly payroll of close to $1,000,000 and is the largest firm of the kind in the state, has just subscribed to the workmen's compensation law for the protection of its some 1500 employees. The liability board of awards, which administers this fund, is delighted over this valuable acquisition, which materially adds to the prestige of the law. The company paid in a premium of $1708 to the state which gives it insurance for six months, the period for which it is written. The National Woolen Company, of Cleveland, which employes nearly 1,000 persons, has also subscribed under the law. Under the insurance plan compensation is given the injured, and in case of death, the heirs may get as much as $3,500.

During the past few days State Treasurer Creamer has deposited upwards of a half a million dollars in banks which handle the funds of the state. Most of this money was received by the state as excise taxes from the Pennsylvania Railroad, which annually contributes approximately $430,000 under the excise law, which requires the payment of such taxes by not later than December 15. This law is the best revenue producer the state has. It yields more than $2,000,000 annually. It is a tax on the gross receipts of public utilities.

Christian Geiger, of Lima, who was sent to the penitentiary for being implicated in the operations of the band of desperados that made that city its headquarters for a number of years, is taking steps to get his liberty.

He is serving two sentences, one of seven years, and the other of ten years, and he has asked the state pardon board to recommend that the shorter sentence be wiped out. Geiger is 60 years old, and he would be close to 75 when released, if he should live to serve out his present terms and should be denied clemency. Geiger claimed he had nothing to do with the gang in question. Safe-blowing was its favorite stunt. Geiger's case will be presented to the pardon board today.

It is semi-officially stated that the creditors of the Columbus Savings and Trust Company, which was closed by the state bank superintendent several months ago, will get 50 per cent of their money. The claims amount to $1,401,000. The depositors lose a little more than a quarter of a million dollars. The stockholders will lose all they had in the bank. Receiver Daniel H. Sowers has strong hopes that he will be able to sell the fine building of the bank within a few weeks, and if this can be done, there will be an early dividend for the stockholders.

Richard R. Reynolds, Republican, of Franklin county, just elected to the house for the fifth time in succession, will call the caucus of the Republican members of that body. January 4 will be the time for this. The chief business will be the selection of a minority floor leader. C. A. Reid, of Fayette, a member of the last house, is an active candidate for this place. Mr. Reynolds has called each Republican caucus for the past three sessions.

Representative-elect John R. King, of Franklin, will introduce a bill strengthening the present weights and measures law. It will provide that food products shall be sold by weight unless there is a written contract to the contrary. Now a verbal contract may be made. This impairs the efficiency of the law. The sale of bread will not be included in the regulation of the measure. Berries and other perishable products are not affected.

It is announced at Progressive headquarters that Roosevelt will not attend the state conference of Progressives to be held here next Saturday. Blake.

Surely Take "Syrup of Figs" If Headachy, Bilious, Constipated

Sweetens your stomach, clears your head and thoroughly cleanses your liver and 30 feet of bowels of sour bile, foul gases and clogged-up waste.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning, how gently but thoroughly all the sour bile, undigested fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it can not injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with scorn, any of the so-called Fig Syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.

Appendicitis Wave Goes On Unchecked

The wave of appendicitis that has apparently been sweeping the city goes on unchecked.

The latest victim is Herbert Haffner, aged 20, who was operated upon Wednesday night at the Hempstead hospital by Drs. Robe and Test. He rallied splendidly. He has been working for Freshour Bros., East End grocers, and is a son of Mr. and Mrs. Frod Haffner, of 2221 Eighth street.

Within the past three weeks 15 operations have been operated upon for appendicitis, all previous records having been badly shattered, according to local physicians. There have been but one death, that of Lee Turner, who had developed peritonitis before going under the knife.

WORLD IS NOT SO VERY LARGE

What a small world we are living in. Almost daily is this strikingly shown.

Harley Marconette was recently in Waco, Texas, as he has a customer there. He greatly admired a new gray suit Mr. Marconette was wearing and complimented the tailor who designed the suit as it fit the latter with the snugness of a well fitting glove.

"When I was in Louisville," said the customer, "a fellow named Clinkenbeard made my clothes and always pleased me. Who makes your clothes, Harley?" said his customer.

With a 6-by-8 smile Mr. Marconette admitted that it was Clinkenbeard who also made the suit he was wearing.

"Feast Of Lights" Is To Be Celebrated

In the entire religious calendar of Christianity and Judaism, there is no more important holiday than Hannukah," "the Feast of Lights," which will be celebrated at the Jewish Temple Friday night at 7 o'clock. The holiday is to commemorate the victory of the Jews over Antiochus, the "Illustrious," king of Syria.

It was a struggle in which defeat would have meant the triumph of Paganism. Judaism would have ceased and Christianity would never have come into existence.

This fact makes the holiday of universal significance and it was celebrated for many centuries by the Christian church.

Hannukah is clebrated for 8 days by lighting candles every evening and by reciting a special service. It is usual for children to light these and to speak pieces. This is part of the service that will take place Friday evening. Visitors are always welcome.

COLUMBIA'S CHANGES ARE TO BE POSTPONED

Manager Tynes, of the Columbia, has decided that he will not close the Columbia for the extensive changes he intends making until the first of the year. Workmen had started on the addition and other repairs and Manager Tynes afterward decided to make greater improvements, so the work has been suspended until January.

The Columbia has long been the home of Portsmouth moving picture devotees and is said to be at present one of the very handsomest in the state. Manager Tynes intends to add to this reputation by making the Columbia, not only the handsomest in this state, but it will compare most favorably with the large movies in cities where handsome theaters have been turned into photo play-houses.

Additional seating capacity, lighting system and fresh scenes will be among the many changes in the Columbia.

In the meantime Mr. Tynes will have the same high-class shows to attract his hundreds of patrons. One of the most pleasing announcements he has made for some time is the engagement of Clem de Bruin whose voice is known to every one in Portsmouth. Mr. de Bruin began his engagement today and will sing all of his latest and best song hits. He comes direct from an extended engagement in Atlantic City.

The program surrounding Mr. de Bruin tonight is a strong drama film, "A Man Among Men," and two comedies, "Strong Arm Nellie" and "The Landlubber."

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

Plan New Parsonage At Wheelersburg

At a meeting of the Quarterly Conference, held at the Wheelersburg Methodist church Tuesday night, over which District Superintendent L. B. Magee presided, a committee was appointed to purchase a lot for a new parsonage and raise funds for the building.

The trustees of the church have had option on two lots for some time; one is directly opposite the church and the second is farther up the pike.

Rev. W. A. Whitmer, pastor of the church, has been very successful since taking charge at Wheelersburg.

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing, get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it.

TEXAS CLUBWOMAN'S FIGHT FOR THE ALAMO

MRS. HENRY SEVIER

The new Texas Club of New York which opened its doors one night last week, selected for its president, Mrs. Henry Sevier, who has endeared herself to the hearts of the Lone Star State by her efforts to save the historic Alamo. Mrs. Sevier has another fight on her hands, as it has been proposed to tear down the old buildings of the Alamo and make a park of the place. She is going to Washington soon to prevent that action if possible.

New Officers Are Chosen By Barbers

Practically an entire new set of officers was elected by the Barbers' union at its meeting in Central Labor Council hall Wednesday night. Interest in the election was augmented by the large number of members of the organization who turned out. When the polls closed a committee composed of James Smith, Dick Mollison and "Doc" Garrison counted the ballots with Roy McElhaney acting as judge. The final count showed the following result:

Fritz Dill, president; Earl Russell, vice president; Charles Haubert, financial secretary; James Smith, recording secretary; Charles Russell, treasurer; J. H. Russell, guardian; Fred Haubert, guide; Mooty Anderson, Harry Evans and Ora Clark, trustees; James Smith as recording secretary, and Charles Russell as treasurer, were honored with re-election. Expressions of satisfaction over the result of the election were heard on all sides. The newly elected officers are all hustlers and have the interests of the organization at heart.

"CASCARETS" BEST FOR THE BOWELS

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleaning, too.

COUNCIL HELD SHORT BUT BUSY SESSION

The regular meeting of council Wednesday night was a brief, but busy session, the business that came up being expeditiously disposed of before an adjournment was taken.

President Young occupied the chair and all members were present except Mr. Osborn who is seriously ill. Director Hutchins said it was his pleasure to inform Mr. Osborn's colleagues that the patient is considerably better and that he is now expected to have a speedy recovery. Mayor Tynes, Solicitor McCall, Auditor Gableman and Service and Safety Directors Williams and Hutchins were also present at the meeting.

Among the ordinances passed was one appropriating $100 and authorizing the Safety Director to offer and pay a reward of $25 for each prosecution and conviction of any person, or persons, turning in a false fire alarm. Another ordinance passed grants to the N. & W. a franchise to extend a side-track on the south side of Tenth street to the new warehouse of Neudoerfer & Bilcox, while still another grants J. Lee Cross, of Cleveland, O., permission to place waste paper receptacles on the streets. By the provisions the boxes are put up and maintained without expense to the city, the owner of the boxes to derive his revenue from the sale of the paper and outside advertising. In connection with the waste paper subject, Member Gulker inquired if there was not some provision covering the careless scattering of loose paper by people, especially business firms, in back yards and allowing the wind to carry it into the streets. He cited one instance of such practice in referring to Winter alley. Director Hutchins declared that the throwing out of paper and permitting it to be scattered by the wind was not only extremely dangerous, but a nuisance as well. He stated that his attention was directed to the paper nuisance in Winter alley the other day by seeing it himself, and that he had instructed the fire chief to warn the offenders.

Member Sheppard then "weighed in" with a kick on persons throwing bottles from automobiles onto the streets. He stated that several complaints had come to him and he urged that something be done to stop the practice, which he declared was very dangerous. President Young caused a ripple of laughter when he asked Mr. Sheppard whether the autoist carried gasoline in the bottles.

Several resolutions were adopted, the first declaring it necessary to issue bonds in the sum of $130,000, as provided for by Ordinance No. 1800 passed last August, for the purpose of constructing and extending the water works system; another approved the fixing by the safety director of the salary of the janitor of Hempstead hospital at $40 per month. In connection with the latter resolution Director Hutchins stated before the vote was taken that the salary of the janitor had been $25 per month. He explained that the janitor is required to be at the institution both day and night and that he is called at all hours of the night. He further said that he had been unable to get a reliable and sober man to fill the position for the old salary, and he gave it as his opinion that the salary of $40 was extremely low for that kind of work. The janitor also gets his board.

A resolution was adopted ratifying the sale, by the safety director, which at the time was unauthorized and illegal, of the patrol horse named "Dan." Now the horse is officially sold.

Service Director Williams brought up the matter, after consulting Mayor Tynes, of building a high fence around the lot in the rear of the city prison, with a view of establishing a rock-cracking gang from among the prisoners arrested in police court. The matter was referred to the finance committee, on motion of Mr. Cook.

A resolution was adopted declaring the necessity and intention of the city to appropriate a right-of-way through New Boston for water main purposes.

Adam Pfau appeared and addressed council on the condition of the Gallia pike. He declared that the road was almost impassable, being full of holes, and that it was a big handicap to him and others who were compelled to travel the road in delivering their goods. Mr. Pfau urged council to take some steps to improve the roadway. Director Williams stated that he had already arranged to improve the road.

The clerk read a communication from Samantha Jenkins, claiming damages in the sum of $300, by reason of changing of the grade of the alley in the rear of her property on Grandview avenue. The matter was referred to the street committee.

A communication was read by the clerk from Attorneys Bannon & Bannon, on behalf of W. D. Horr, stating that he disclaims the right of the city to encroach on his property in the widening of the Gallia pike by purchase or otherwise.

Solicitor McCall informed council that no further encroachments on Mr. Horr's lands were contemplated, as all the fills necessary have already been made, therefore no action on the communication was necessary.

The regular schedule for November, amounting to $107.05, was allowed and ordered paid.

HE ISN'T THE MAN SHE THOUGHT HE WAS

Love at first sight, elopement, marriage, separation, reconciliation and remarriage have made up a busy week for Mrs. Aimee Givins-"Kirkman"-Boehm of Chicago. Under the impression that her sweetheart was Edward E. Kirkman, son of Marshall M. Kirkman, former vice president of the Chicago and Northwestern, Mrs. Givins eloped with him to Crown Point, Indiana. After the marriage ceremony the elopers quarreled and later in the day Mrs. "Kirkman" learned that her husband was Edward Boehm a chauffeur, formerly employed by Marshall Kirkman. A reconciliation was effected and Boehm and Mrs. Givins were remarried by the judge who performed the first ceremony.

ALIMONY SUIT DISMISSED

The alimony suit instituted in the common pleas court, on Nov. 7, last, by Mamie Davis against her husband, William Davis, was Wednesday dismissed at the request of the plaintiff's attorney, F. W. Moulton. The parties have kissed and made up and are again living together happily.

A short program, consisting of stereopticon views and several impersonations and recitations, are to be rendered tonight at the social session of the members of Rev. Robertson's men's bible class to be held at the Second Presbyterian church. A light lunch will be served following the program.

Vapor Treatment for Catarrh Colds And Coughs

The HYOMEI vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes a few minutes' time before going to bed. Pour a scant teaspoonful of Booth's HYOMEI into a kitchen bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises.

You will be surprised at the results of this treatment; it makes the head feel fine and clear.

This method is also used to break up the worst cold in the head over night.

A bottle of Booth's HYOMEI (pronounce it High-o-me) costs 50 cents at Wurster Bros. and druggists everywhere. Complete outfit, which includes the little pocket inhaler, $1.00.

No stomach dosing; just breathe; it is guaranteed to end catarrh and all diseases of the breathing organs. Booth's HYOMEI (pronounced High-o-me) is Australian Eucalyptus combined with Listerian Antiseptics, that destroy catarrh germs and soothe and heal the sore membrane.

Fine Hogs Delivered

Ex-Sheriff Jim Rickey, of Harrisonville, brought three wagonloads, or 21 head of exceptionally fine Jersey red hogs to Adam Giesler & Co., meat dealers, Wednesday. He expects to deliver some cattle to the same firm next week.

Underground cables are being strung through the East End and Hilltop by the Portsmouth Telephone Co. While a large force of men are at work looking after these districts, another force is engaged in the work on John street.

Back From Conference

Agent Harry Rogers has returned from a meeting of Southern Express agents and officials at Roanoke, where instructions were given relative to the Christmas trade. Route Agent B. H. Lane, who also attended the meeting, has gone to Chattanooga, Tenn., to attend a similar conference.

Racoon Captured

Charles Odle, a Lower Nile township farmer, has just recovered a raccoon which he lost four years ago. It was captured by a farmer named Holsinger, up McAtee, a few nights ago and still had the collar it wore at the time it disappeared.

SPRAGUE IS SACHEM OF RED MEN

Attorney William R. Sprague was chosen sachem of Allegheny Tribe, Improved Order of Red Men, at its meeting Wednesday night, when a new staff of officers were elected for the ensuing six months.

The other officers elected were: Preston Sheppard, Prophet; Geo. A. Bitty, Senior Sagamore; James S. Thomas, Sagamore; W. L. B. Jack, Keeper of Records; J. F. Carr, Keper of Wampum; Joseph T. Micklethwaite, Sanap; H. L. Cline, Thos. C. Patterson and John F. Eckhart, trustees; W. L. B. Jack, representative; H. L. Cline, alternate.

The district Indian school will be held at Ironton on Dec. 20, and H. L. Cline was selected to represent Allegheny tribe.

The tribe is prospering and the membership is growing rapidly. Plans are being made to scalp a class of pale-faces soon.

Curtains Burned

A serious fire was narrowly averted on the second floor of the Schapiro block at Second and Chillicothe streets, Wednesday evening. Miss Cynthia Buckner, a domestic for Mrs. Roy Williams, had lighted a candle for the latter's little daughter Alice and she accidentally set fire to a lace curtain. Miss Buckner, with rare presence of mind, stepped to a telephone and gave the alarm, then fought the flames, succeeding in extinguishing them before the arrival of the auto engine. The damage was slight.

Traffic Tied Up

Ripley, O., Dec. 5—The public service commission today tied up freight traffic on the Cincinnati, Georgetown and Portsmouth and the Ohio River and Columbus roads, both of which are identified with the Ohio Southeastern System, alleging that locomotives are unsafe to operate. All traffic between Ripley, Georgetown and Sardinia has been suspended, and freight shipments cannot be delivered. This action will require new motive power for the two roads.

Mr. and Mrs. W. J. Cullom, who for a number of years have resided in South Webster, have moved to Portsmouth. Mr. Cullom will likely engage in cement contracting work. They have gone to housekeeping at 1712 Gallia street.

HERB CORIELL OPINES ON WEATHER PROPHETS

"I see," says Herb Coriell, the renowned weather man, this morning, "that a lot of fellows have been predicting 'snow storms, 'cold waves' and 'lower temperature, and all coming the last of the week. Well, the last of the week is here, but have you seen any of that cold stuff?

Look at the sundogs crawling over the hills this morning! Ever see 'em out in December, frisking about like they do in May and June? I am not surprised at this beautiful weather, but what amazes me is why some fellows cannot be happy without continually predicting trouble for others. Even Billy rang in some cold dope the other day and caused a lot of people to lay in a stock of warm things they have no need for. How's that! What's coming? Why lots more beautiful days. Going to be a fine, open winter."

Are the Fly and Mosquito Dangerous?

The fly, with speedy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow-fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

M. MAGUIRE, Esq.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Mr. Maguire, of National Military Home, Kans. "I went to Kansas City and in the spring of 1877 the chills and fever returned. I tried everything I could think of, but failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt them coming back so I got another bottle and have never had any symptoms of fever or ague since. That is all of twenty years ago, for I had the chills about twelve years before I started to take 'Golden Medical Discovery.'"

Dr. Pierce's Pleasant Pellets are for liver ills.

MAURICE BRIGGS WINS HIS LETTER

Columbus, O., Dec. 5.—Fifteen Ohio State football players were granted at last night's meeting of the athletic board the right to wear the "O." Coach Richards recommended that the award of the coveted letter be made to Captain Barricklow, Ward, Geissman, Kiefer, Raymond, Cherry, Stover, McClure, Briggs, Ryan, Graf, Maxwell, Shafer, Morrissey and Geib. To three players, Feldswich, Darst and Yasesnoff, the "A. A." was allotted.

At the conclusion of the board meeting the members attended the smoker at the home of the Sigma Alpha Epsilon fraternity. This affair, a delightful one, was arranged by Captain Barricklow as a sort of farewell for the football players. Coach Richards, Director St. John and Trainer Brady were among the guests.

At the Ohio Union next Tuesday night, the board will give the customary annual banquet to the football men. A plan to elect a captain last night was not carried out, because of the absence of two of those eligible to vote.

While the athletic board was in session, Chairman French made a report on the deliberations of the Western conference delegates last week in Chicago. He announced formally that the next cross-country run will be conducted by Ohio State.

Will Frank Chance Manage Yankees?

New York, Dec. 5.—The main topic of conversation in baseball circles these days is whether Frank Chance is to manage the Yankees or not. Underground rumors, and among them from a source of the best information, say that the former leader of the Cubs will be the next chief of the Highlanders.

It is well known that Frank Farrell would like to secure the services of Chance. Some go as far as to say that it is only a matter of time before the deal will be put over. However, there is just as much chance of the Yankees losing the services of Chance as there is of getting them.

Johnny Evers wants four players from the Cincinnati club, and unless he gets them he will not make the trade. Some have it that the Chicago club wants Corridon, now with the Tigers. That seems to be a dream, but Evers, according to report, is trying to work a deal with Corridon and Chance in it.

It is well known that Ban Johnson and all who are trying to land Chance here are doing their best. The American league holds its meeting in Chicago next Monday, and there something definite may be done.

The baseball fans here have their ears to the ground, waiting for the verdict. The owner of the New York club is busy trying to land the player, so rumor says.

Chance is in California, not talking baseball but picking oranges, and does not know what he will do next season. He has intimated that he would like to see what he could do with the New York American league club, but is not too talkative on the subject.

As said before, there is nothing certain about Chance landing here, and the fans need not be surprised if the deal does not go through. There is no doubt that it will be known either way when the two big leagues finish their meetings next week.

Bill Dahlen will retain Willie Keeler to teach the youngsters a few things about batting next season. In spite of the fact that Keeler is one ball player who says batters are not made, he has helped some of the Dodger men out considerably, according to the Brooklyn manager. Dahlen says the work of the men in the batting line has improved a great deal since Keeler has been around. Keeler is a valuable man for the Brooklyn club.

It may be that Harry Wolter will remain on the coast to get into condition this spring. It all depends as to whether he will get consent from the new manager. Wolter thinks he would report in better condition after training in California than he would in any other part of the country.

SHECKARD IS BEST WAITER

New York, Dec. 5.—Among National league teams Chicago profited most by the lack of control of opposing pitchers during the 1912 season, according to the official records on bases on balls and strike-outs issued today at National league headquarters. The Chicago team received 570 bases on balls, an average of 3.68 per game. Cincinnati had the least number of strike-outs, 102, an average of 3.1? per game. New York finished second in both items, receiving 514 passes and having 497 strike-outs.

Sheckard tops the list in receiving walks, outguessing the pitcher 122 times in 146 games. Huggins, with 87 passes in 120 games, also stands prominent. Other good waiters were Paskert, Bescher, Titus, Evers, Carey and Leach. Pitcher Benton did not receive a pass in the fifty games he played.

Evers is the leader in the least number of strike-outs, with 18 in 143 games, an average of one in eight games. Doyle, of New York, is a close second with 20 in 143 games. E. McDonald, of Boston, had the greatest number, 91 in 121 games. Marsans, Tinker, Knabe, Meyers, Cutshaw, McLean, Gibson and Killifer have low figures. Zimmerman, who led the league in batting, struck out 60 times and received 38 bases on balls.

BELIEVES REDS WILL LAND TINKER

While Garry Herrmann left New York thoroughly put out at the manner in which Murphy, of the Chicago club, had backed and filled in regard to the matter of releasing Tinker to the Cincinnati club as manager, there is some reason to believe that the matter may again be opened and that Tinker will be switched over to Cincinnati, says John B. Foster in the New York Telegram.

Negotiations had gone so far that it is pretty certain Tinker never would have his heart in his work at Chicago after the flattering prospect, which was opened to him at Cincinnati, and it is the general belief that when Evers and Murphy think the matter over for about the forty-fifth time that they will be willing to make some kind of a dicker with Cincinnati.

KAYO BROWN CARRIES A HOST OF NICKNAMES.

Valentine Brown, the New York southpaw, has perhaps more nicknames than any fighter. Newspapers refer to him as "Knockout" and "Kayo." Manager Morgan calls him "Kayo." His mother knows him as "Valdine," and the boys in his neighborhood call him "Faust." He's such a fighting devil.

Brown is almost old enough to vote, but he has the characteristics of a 11-year-old boy. He is too bashful to talk to a member of the opposite sex. He was engaged to be married at one time, but Manager Morgan told him to call the event off and Valentine hasn't seen the girl since.

HAS DELIVERED THE GOODS

Harry Huddleson has won a warm spot in the hearts of those athletically inclined at the First Presbyterian church with his efficient style of conducting the physical culture classes. A number of new and difficult drills are being taught the boys, who take to them as a duck does to water. In handling the Boy Scouts, Mr. Huddleson has made a reputation for himself. Exercises which are being practiced, the Boy Scouts expect to execute in public as soon as they are perfected.

AT LAST WE HAVE ONE!

Washington, Dec. 5.—Speaker Clark today found a new "white hope." He was introduced to Maynard F. Stiles, of Charleston, W. Va., in the corridor of the House, and looked over the big frame of the visitor admiringly.

"My, you're big enough to fight Jack Johnson," the Speaker said enthusiastically.

Mr. Stiles, who is well over six feet, is the tallest man in the West Virginia capital. He is president of the Kanawha Democratic club.

LIMA DECLINES TO DISPOSE OF NESSER

OUTDOOR EXERCISE FOR WOMEN

BY MISS ELSIE JANIS

[Copyright, 1912, by the Evening Telegram (New York Herald Company). All rights reserved.]

TENNIS.

TENNIS! Oh, magic word, that evokes such memories of the good old summer time! And the girl who has not known the joy of getting roasting hot, her cheeks crimson, very tired, dragging her weary bones to a country club porch, or, if she is fortunate enough, to her own front porch, drinking a long, cold drink, getting a terrible, sniffy cold from just sitting there perfectly contented in knowing she is doing the wrong thing—that girl has my sincere sympathy.

For any one who plays tennis does that same thing until she learns that colds are very annoying, especially in the evening, when, dressed in one's best frock, one sits next to an attractive young man and tries to interest him—by brilliant conversation—in a voice that sounds like a Maine school teacher and in epigrams punctuated by the frequent bringing forth of an enormous handkerchief.

I have been wondering if in writing these little articles I have unconsciously given the impression that I am the past mistress grand of athletics. Well, if I have so erred, please forgive me, for I am not. I am only athletically inclined and just love doing a little of everything fairly well. Were I a champion at any one of these sports I should probably not love them so much, for I believe that when we have thoroughly conquered a thing we no longer retain our vivid interest for that thing. It is in trying to do things and learn things that we get most of our supreme happiness.

Until I was about eighteen I never played tennis or any of these outdoor games. I did not have time. I was too busy with my stage work and when I was with a crowd of young people I used to sit all dressed up in a lingerie dress and picture hat by the side of a tennis court or on the veranda overlooking a golf course and try to make the boys miss the ball by casting coquettish glances their way. But I found that men as a rule—even boys—are too vain for that. They will play their best to win while you are looking on and talk nonsense to you after the game. Whereas, if you are playing with them they have to look at you occasionally, no matter how painful, and even if you don't play very well they know that you are at least trying to give them a good time and sometimes a good laugh, especially when you try to hit a ball and find that there must be "a hole in your racquet."

Outside of the grace the game of tennis is bound to give a young girl and the enjoyment you get out of it, it is a very good thing to be able to "trail along" in everything, for, though you may be well up in your Ibsen, Shaw and all the up to date novels, the average summer man is more interested in the terms of the game—"thirty love" or "deuce"—especially in the summer time.

Another most important thing for girls about all outdoor exercises is the advantage to the complexion. Now you will find, if you observe your girl friends, that the girl with a bad skin usually does not play tennis. She gets up, takes a hot bath, opens all the pores, and then piles on a lot of powder and starts on her day's routine, which consists of luncheon at the Splitz or some equally delightful place, then a matinee in a stuffy theatre, tea at home or elsewhere, a big dinner, more powder and perhaps another theatre or a dinner dance. If that poor girl would only cut that matinee and play half a dozen sets of tennis between luncheon and dinner! If she would even perspire (dreadful word!) a little and give the poor face a chance!

Goodness knows, I am not crying "Down with powder!" for without it I should myself be lost. But you can't expect the facial skin to be perpetually clogged with powder without its losing both bloom and texture.

Every girl has a shiny nose while playing tennis, but she is certain eventually to improve her complexion as well as her figure. And we all want to improve both, don't we? A girl looks her best in tennis clothes, and incidentally tennis shoes give the poor, long suffering feet a pleasant change from the cramp of the narrow last and the popular two-inch heel.

The girl who overdoes the exercise idea is just as bad as the one who does not exercise at all. So again I say do a little of everything in the way of outdoor exercise, and when I say everything I mean everything with discretion, especially tennis.

Ironton Plans To Finance Ball Team

The Irontonian says:

"The Business Men at their last meeting made further arrangements necessary to furnish this city with a winning baseball team in the Ohio State league.

"As was stated before in these columns, the plan agreed on at a former meeting was to raffle off a valuable prize of some sort and devote the proceeds to paying off the old debt and to starting off next year's team on a paying basis.

"The B. M. A. appointed a committee to purchase a Ford automobile and prepared 2500 chances on the same, to be sold at $1 a chance.

"It is thought that this plan will meet with the approval of all of the fans, and it will be the simplest method of raising the money.

"Ironton will next year have the best prospects of any team in the league and should finish at the top of the heap.

"The tickets will be placed on the market as soon as possible and should meet with a ready sale as an automobile purchased for a dollar would be a good investment."

Ketcham prepared at [illegible] school, where he played on the football team, and he played on his freshman team at Yale.

He is 21 years old, six feet tall and weighs 1?? pounds. He is [illegible] of the Junior Promenade committee, which is the second highest honor socially at Yale, and is one of the class deacons. [illegible] of the [illegible] work for some years. He is a member of Psi Upsilon.

H. F. Avery, one of the ends, and Lefty Flynn, the fullback, were mentioned among the possibilities for captain, but neither of them got any votes.

Ketcham will have [illegible] of the old men back next year, around whom to build up his team, among them being Avery, left end; Cooney, left guard; Pendleton, right guard; Talbott, right tackle; Wheeler, Cornell, Cornish and Loftus, quarterbacks; Flynn, fullback; Billy Warren, tackle; Harbison and Arnold, guards; Pumpelly, Markle and Castles, halfbacks.

During the Christmas holidays Ketcham will confer with a number of graduates in New York concerning a change in the Yale coach system, and no coach will be picked out until after that conference.

It is understood that Captain Spalding is in sympathy with the movement against the present system, and to make the way easy for Ketcham will decline to be head coach.

Trains Delayed

The early N. & W. passenger trains, bound for Columbus and Cincinnati, were held up in the East Portsmouth yards forty minutes on account of a freight train breaking in twain through the pulling out of a draw-bar, Thursday morning.

SHORT SPORT

Dan Moeller of the Washington club, who is a great admirer of "Lady Nicotine," will receive an additional $200 if he cuts out smoking. Moeller is not addicted to the cigarette habit, but confines his smoking to a pipe. It is said that he always has a bit of amber between his teeth when not engaged in a game. Griffith believes that with his bad shoulder repaired and the smoking habit overthrown Moeller will become one of the greatest outfielders in the game.

Jimmy Brill, former lightweight champion, who is doing a monologue stunt at a St. Paul theatre, in a statement to a St. Paul paper says that he believes Ritchie will be champion for years to come.

Hamilton Fish, Jr., says that Jim Thorpe is the greatest halfback the game has ever seen. He is a greater kicker and more to be feared than Brickley beyond the 40 yard line, says the former Crimson star. Some credence must be given this statement as Brickley is a Harvard man and Fish himself not many seasons ago led a Crimson eleven.

Eastern papers are bubbling over with praise for the Oak Park eleven of Chicago, which whipped Everett High of Boston last Saturday. Eastern critics admit that Western schoolboy elevens have quite a bit on Eastern high school elevens. Boston people say that the open style of play used by the Chicago team Saturday was more dazzling than any ever employed by a Carlisle Indian squad.

Here On Visit.

Cal Higgins, a B. & O. S.-W. engineer of Hamden, was here Wednesday visiting his brother, Charles Higgins, foreman of the N. & W. hump. He has just been transferred to the main line of the B. & O. S.-W.

Harry Hinchman May Be A Senator

Columbus, O., Dec. 5.—There has been some desultory talk locally that Harry Hinchman might wear a Columbus uniform next season. These dopesters are going on the theory that the transfer of O'Rourke and Hemphill to St. Paul was not an outright sale, and that St. Paul would later turn some playing material over to the Senators. If Bill Hinchman is elected manager of the Senators it would be foolhardy to think of bringing his brother here. While their relationship would not have any effect on the attitude of either, it might lead to complications, such as the possibility of charges of favoritism or something of the sort.

At one time Columbus club officials were dead anxious to get Hinchman. In fact, last summer a deal was nearly put through and would have been but for the unreasonableness of Charles Webb Murphy, the owner of the Chicago Cubs. Murphy had absolutely no use for Jerry Downs, but refused to send him here unless he was given Wilbur Cooper in return. Of course, President Schoenborn refused to entertain any such proposition, and Downs was kept on the Cub payroll all season. But, had he been turned back to Columbus, he would have been traded to Toledo immediately for Harry Hinchman, who at that time was not in good graces of Manager Hartsel, and who was later traded to St. Paul for Mike McCormick, one of the most one-sided trades ever pulled off since the organization of the league. Had Hinchman come here at that time he would very nearly have made Columbus a pennant winner, as later developments showed.

Report On Hospital

Miss Anna Perry, superintendent of Hempstead hospital, made her monthly settlement with the city Wednesday afternoon, turning $506.12 collections over to Treasurer D. E. Edwards. Miss Perry reports the hospital in a crowded condition. Four different physicians made applications Wednesday for rooms, but could not be accommodated. The city authorities expect sooner or later to take steps towards relieving the present condition.

Auto And Motorcycle Had Bad Collision

An automobile driven by John Capehart, a West End coal dealer, and a motorcycle on which Walter Goad and Ed Brunner were riding, collided at Third and Market streets late Wednesday afternoon.

Goad and Brunner were thrown heavily to the street, but escaped with minor bruises. Mr. Capehart and his daughter, Anna Marie, who were in the car, were uninjured. The front axle of the car was damaged and the steering gear was temporarily put out of commission. The front wheel of the motorcycle was smashed.

Mr. Capehart says he was driving out Market street and that the motorcyclists ran into the front wheel of his machine. They were riding west on Third street.

Goad recently returned from Chicago. His machine was repaired and placed in working order today at a repair shop. Goad says he saw the automobile approaching, but too late to prevent the collision.

Mother Is Very Sick

John Morris, an old-time former Portsmouth resident, is here from Columbus in answer to summons from the bedside of his aged mother, Mrs. Josephine Morris, of Union Mills. Mr. Morris is looking well and prosperous. He was formerly book-keeper for the late Mat Spollacy and is now employed in a similar capacity for a big mercantile concern in the Capital City.

Trip Was Postponed

Mrs. A. D. T. Sommerville, of Waller street, was disappointed in the non-arrival of her brother, W. D. Gray, of Cincinnati, who was coming to this city in an automobile truck. Mr. Gray has invented and patented a steel-spring wheel and was to have made the trip in order to test the invention. He was forced to postpone the trip, but expects to make it at a later date.

Skin Cleared in a Few Days by Stuart's Calcium Wafers, the Famous Blood Purifier.

Pimples, blotches, skin eruptions of all kinds, are simply the impurities in the blood coming to the surface. All the external treatment in the world won't do a particle of good unless you purify the blood. And there's nothing so humiliating as a face that's all "broken out" and spotted.

It's a Glorious Change to Be Rid of Pimples. You Just Feel Fine.

Stuart's Calcium Wafers will clear the most obstinate complexion, because they go right into the blood and remove the cause of the trouble. The blood is cleansed of all impurities and foreign substances and these are quickly eliminated from the system. You'll notice a wonderful change in a few days—you will hardly know yourself in a week.

And Stuart's Calcium Wafers are absolutely harmless to any one. Their ingredients are just what a physician prescribes in most cases of skin eruptions and poor blood. These wafers are put up in a concentrated form, which makes them act quickly and thoroughly.

You can get Stuart's Calcium Wafers at any drug store at 50 cents a box. Begin taking them today and then look at yourself in the mirror in a few days, and find all those awful pimples, blackheads, acne, boils, liver spots, rash, eczema and that muddy complexion rapidly disappearing and your face cleared like the petal of a flower.

QUIET WITH THE POLICE

The police, who have been having a comparatively quiet time of it the past few weeks, anticipate livelier doings with the approach of the Yuletide season. Once holiday cheer gets in evidence and shop-lifters get into action the officers will have plenty to keep them busy.

Detective J. A. Baucus expects to vigorously enforce the law prohibiting the drinking of intoxicating liquor aboard passenger trains, a practice which is always prevalent during the holiday season.

Ed Conwell and Mike O'Day are going to be in fine shape when the ball taps for the baseball season of 1913. Early in the new year they are going to Hot Springs and will spend a month there taking the baths. Neither has signed a new contract, as they will not be sent out until the middle of January.

GAIN MADE AT POST OFFICE

A substantial gain was made in the postal receipts for the month of November over the same month of last year. The receipts for the month just closed were $5,458.08, against $5,111.70 last year. The postal receipts are a pretty good barometer of the business being done and the increase is more evidence of Portsmouth's unbounded prosperity.

Men's Meeting To Be Success

Present indications point to a large crowd of men at the First Christian church, Friday evening, when three speakers representing the Ohio Brotherhood will deliver addresses. The speakers will be President Bates of Hiram College, I. J. Cahill and M. E. Baker.

The addresses will be preceded by an "elbow feast," which will be served promptly at 6:30. The committee in charge of the feast is composed of John Williams, Fred Valiant and John Bahner, and they propose to serve something worth while.

Charles M. Howland, of this city, is vice president of the Ohio Brotherhood and is working day and night to insure a large crowd. Rev. Brooks, pastor of the First church, will be present, having returned Thursday from Lexington, Ky., where he has been conducting a successful revival at the Central Christian church. His presence will add great impetus to the meeting.

The Christian church male quartette will render several selections and it is quite likely the male chorus will also sing.

All men in the city who are interested in church work are kindly invited to be present. Everything, including the feed, is free, and no collection will be taken as the association is bearing all the expenses of the state tour, which includes the principal cities of Ohio.

Those who attend are asked to be present at 6:30, as the lunch will be served on schedule time.

Twice-Told Testimony

Portsmouth People Are Doing All They Can For Fellow Sufferers

Portsmouth testimony has been published to prove the merit of Doan's Kidney Pills to others in Portsmouth who suffer from bad backs and kidney ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof statements from Portsmouth people who again endorse Doan's Kidney Pills—confirm their former testimony. Here's a Portsmouth case:

John Suter, 811 Court street, Portsmouth, Ohio, says: "I found Doan's Kidney Pills, procured at Fisher & Streich's Drug Store, so very good that I gladly repeat what I said in 1909 recommending them. I had headaches and pains through my back and sides. The kidneys were out of order, the action being irregular and sometimes painful. Doan's Kidney Pills soon put me back in good condition. I use them once in awhile to keep me well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PRINTER IS OVERCOME

Charles S. Stewart, a printer employed in the Selby Shoe company's printing department, fell over in a faint Wednesday evening, and for a few minutes was thought to be dying.

Dr. Oscar Micklethwaite responded to a hurry call and removed the stricken man to his boarding house on Offnere street, where he continued suffering for some hours afterward. It was the second spell of the kind Stewart had suffered in the past few days. He had not yet returned to duty, but was simply visiting at the plant when he suffered the second attack. It is thought he is suffering with gallstones. Stewart came here from Chicago.

Plumber Charley Barlow has received the contract to install a new bath room in Anton Maitre's remodeled residence on West Fifth street. The work has been started.

To Build Car Barn On West End Lot

Officials of the Street Railway company announced definitely, Thursday, that they would build a new car barn on their west end lot, the dimensions of which will be 100 by 360. It will be a brick structure and will be adorned with pressed brick front.

The barn will be sufficiently large to house all the rolling stock of the company and of the Ohio Valley Traction Company, who will extend their line into Hanging Rock within the next eight months.

Work on the barn will begin March 1, the plans having been prepared for sometime. It will be a modern structure and will add much to the appearance of this section of the city, which always gets its share of the improvements made in the River City.

THEATRICAL

THE ALMA SHOW.

There was a large audience at the Grand Wednesday night to applaud Alma and to revel in the tinkling, tuneful music in the score of "Alma, Where Do You Live?" an ultra-French drama, adorned, or, we may say, threaded with pretty songs.

The plot of the play will not disturb mental poise and it was not intended to, as it serves merely to exploit the talents of Alma and her unsophisticated lover, Pierre Le Peach. The play was nicely staged and Alma wore several stunning gowns quite becomingly. The play has one pretty song after another of the "whistleable," humming variety and encores came in profusion—especially when Miss Florence Mills sang the celebrated "Alma" song, which runs through the piece and is used effectively in the final scene.

Miss Mills made a splendid Alma, both in looks and voice. She sang capitally and was a stage picture in her beautiful gowns, which were exquisite creations of the dressmaker's art.

Count de Vassy, as Count Bolivario, whose wrath and murder tendencies were intermittently cooled with ice water, was most excellent in his character. He looked and acted the part of a duped Italian count. He is the original Count Bolivario. Walter Coupe, as Pierre Le Peach, whose unsophistication and innocence soon melted away when confronted by the irresistible Alma, was an ideal character, vocally and histrionically. He acted well and sang well.

Wilbur Cox, as Theobald, was a little coarse or "burlesquey" in his comedy efforts, but the best lines fell to him and he got them off with much gusto. Katherine Roy, as the maid, and Pierce Keegan, as Gaston, were good in their parts. The unexpurgated edition of "Alma, Where Do You Live" with Sam Bernard as Theobald, ran an entire year in New York.

TO LAY OFF.

The company that presented "Alma, Where Do You Live!" at the Grand Wednesday night, will lay off two weeks beginning next Monday. A new line of bookings is being secured and the company will go East. It has been to the coast and has played in all the big Western cities.

"UNCLE TOM'S CABIN."

The presentation of Leon Washburn's famous Stetson's "Uncle Tom's Cabin" at the Grand tonight will be complete to the minutest detail and will be the best all-round performance of the great play that local theatregoers have ever had an opportunity of witnessing. Prices 10, 20, 30 and 50c.

"Shepherd of the Hills"

A wholesome play, whose author seems to have equal love for nature and humanity, and an intimate knowledge of both, is "The Shepherd of the Hills," the dramatization of Harold Bell Wright's famous novel, which has been made by Mr. Wright with the assistance of Elsbery W. Reynolds and Izm B. Parker.

The "hills," the beautiful Ozark, and against this majestic play background the author has sketched the tenderest tale of love, the most appealing story of nature. Through the peace of the mighty hills pervade the drama, its acts are tense with deeds of daring that demand both physical and moral courage. 'The Shepherd of the Hills' will be the attraction at the Grand Saturday, matinee and night.

SAW GOOD SHOWS.

Isador Goodman has returned from Cincinnati, where he bought woolens for the United Woolen company. He found time to see Otis Skinner in "Kismet" and "The Bird of Paradise." He says they are two of the best shows Cincinnati has ever had. Skinner is making a wonderful hit in "Kismet."

At The New Sun

A show of the real Gus Sun caliber, which means the best in vaudeville, will appear at The New Sun Theatre for the last half of the week, beginning matinee today. Heading the bill will be Arthur L. Hays & Company, who present the comedy playlet, "Father's Blunder." The playlet abounds with plenty of good clean comedy and grotesque situations. The Taylor Twins in fancy and trick skating; and another feature, Hardy Gibson, the laugh builder, with "A Novist Who Stole the Dummy." Extra added attraction, Edyth Harcke & Co., in the beautiful act of White and Gold.

Press Extract:—"There is no singer that has ever appeared at the Grand Theatre that has made such a favorable impression as Edith Harcke in "The Act in White and Gold." She has a beautiful and well-trained voice, and there is certainly no singer in America today with a more pleasing personality than Miss Harcke. She sings a number of high-class selections during her act and concludes with that live-forever favorite, "The Last Rose of Summer." The act is gorgeously costumed in white and gold. —Hamilton, Ohio, Evening Journal, June 5, 1911.

New and interesting pictures will be presented by the new Sunscope.

The White Squaw

"The White Squaw," a splendid drama, one that has been one of the big winners of the present theatrical season, has been booked for the New Year's attraction at the Grand. The date was definitely fixed Thursday. The show is sure to play to big business here.

"A Western Girl" has been booked for January 18. This company has a cowboy band of 18 pieces.

THE BUSY WOMAN'S DAY

It begins early, ends late, and is full of work. She often has kidney trouble without knowing it. Her back aches, and she is tired and worn out. Sleeps poorly, is nervous, no appetite. Her bladder gives her trouble, too. Foley Kidney Pills will cure all that and make her strong and well. Mrs. Lona Beyer, 12 Frederick St., Auburn, N. Y., says: "Three boxes of Foley Kidney Pills were all that were needed to make me strong and well." They are the best medicine made for kidney and bladder disorders. Try them. Under the new pension law, agencies are abolished and checks for pensions are mailed direct to pensioners, who can get them cashed at any bank, or elsewhere, provided the following conditions have been fully complied with:

(1) The check must be endorsed, in ink, by the pensioner in the presence of two responsible witnesses, who must sign the certificate on the back of the check at the same time. In case the pensioner signs by mark no additional witnesses will be required. The services of a notary public or other magistrate will not be necessary. Witnesses need not accompany pensioner to bank or other place where check is to be cashed unless it is required by party cashing the check for the purpose of identification.

(2) The pension certificate must be exhibited by the pensioner to the witnesses at the time of endorsing each check, whether it be in payment of original, increase or quarterly pension. The number on the pension certificate must be compared with the certificate number appearing on the face of the check, and in the event that they do not agree the check must be returned for correction before indorsing.

(3) In order that pensioners may receive their checks promptly it is absolutely necessary that the disbursing officer be notified at once of any change in post-office address. All communications relating to pension checks and changes in postoffice address should, after January 1, 1913, be addressed to the Disbursing Clerk, Bureau of Pensions, Washington, D. C., giving name of pensioner in full, certificate number and name of agency where formerly paid.

Section 4 of the Act of August 17, 1912, provides as follows:

"That whoever shall forge the indorsement of the person to whose order any pension check shall be drawn, or whoever with the knowledge that such indorsement is forged shall utter such check, or whoever, by falsely personating such person, shall receive from any person, firm, corporation, or officer or employe of the United States the whole or any portion of the amount represented by such check, shall upon conviction be punished by a fine of not more than one thousand dollars or be imprisoned not more than five years, or both."
